Safe Day One Online Course

Prepare for the Health Care Physical Environment Worker Certification by attending the Safe Day One course offered by KSHE, ASHE preferred education provider. This course is 100% online and covers education required to successfully pass the certification. Learn more and register at safedayone.org.

ASHE Health Care Physical Environment Worker Certification

Getting ASHE certified means workers truly understand the health care physical environment. The exam covers the top 10 basics of construction practices in health care facilities, project closeout and transition to occupancy. Learn more and register at [ashe.org/education/certified-worker](https://www.ashe.org/education/certified-worker).

Health Care Construction Workshop

This 2-part in-depth course helps you prepare for the exam. Part 1 covers basics in health care construction and Part 2 is a hands-on application of the planning, design and construction process, PCRA, technology, fire and life safety, medical gas systems, mechanical / electrical / plumbing systems, infection prevention and ICRA. Learn more about the blended and online formats at [ashe.org/HCWorkshop/e-learning](https://www.ashe.org/HCWorkshop/e-learning).

Certified Health Care Constructor Exam Review

This is the last step before taking the CHC examination. This course will be a final self-check and review of the exam layout, certification details and two test simulations with question analysis. Complete as a 1-day in-person seminar or 100% online (self-paced, with no instructor). Learn more and register at [ashe.org/certified-healthcare-constructor-chc-exam-review-e-learning-course](https://www.ashe.org/certified-healthcare-constructor-chc-exam-review-e-learning-course).

Certified Healthcare Constructor

CHC certification is administered by the AHA Certification Center and needs to be scheduled in advance. All the important information including the candidate handbook can be found at [aha.org/career-resources/certification-center/chc](https://www.aha.org/career-resources/certification-center/chc).
